

Support a family from Afghanistan

WHY SUPPORT?

Did you know that people with refugee status arriving in the USA are provided with just *three months* of formal support and accompaniment by a government affiliated organization? Three months is no where near enough time to learn a new language, find housing, find a job, apply for health care, apply for food stamps, and numerous other procedures and general life adjustments.

The family we are working with has only been in the USA since late September of 2021. While they are making great strides towards creating their new home here in Miami, and becoming independent, they still need further assistance.

Our goal is to raise [redacted] for the family to provide them with crucial funds for medical emergencies, essential household items, rental assistance, cultural outings, and more. We greatly appreciate any amount you can give!

Thank You and in solidarity!
-N [redacted] Team

OTHER WAYS TO HELP:

Contact the Refugee Assistance Alliance through the RAA website if you would like to donate household items or become an RAA volunteer yourself!

SUMMARY

Hi! My name is [redacted] and I am a trained volunteer with the Refugee Assistance Alliance (RAA), based in Miami, Florida. For the past few months, I have been working with a family of six, with refugee status from Afghanistan. My volunteer team and I are currently working to raise money for our family to help temporarily support them with basic needs, on their journey to becoming independent.

To donate:

1. Scan the QR code
2. Under designation, select "[redacted] Team"
