

Tutoring for Kids

Remember that RAA has tutoring for K-12 kids! We partner with JaxTHRIVE, an awesome non-profit in Florida who exclusively tutors refugee kids for free. Our staff keeps in touch with all parents or older kids who are getting tutoring from RAA to monitor progress and troubleshoot any issues that may arise.

Tutoring will be:

- Online through the computer (1 laptop per family is provided by RAA)
- days/times/tutor match set up by JaxTHRIVE
- 1-2 times per week, as needed
- By topics/subject or set as general tutoring
- Long term or shorter-term (like all year for science help vs. 1 month for science project help)
- Continuous as long as the student keeps his/her appointments and continues to need help

On a case-by-case basis, JaxTHRIVE, or even RAA separately, can find a tutor for **GED studies, college students, and adult students.**

To get your family's kids enrolled in tutoring (or any other tutoring need), contact **Rajaa Zewanah**, one of RAA's Client Services Staff, at

rajaa@refugeeassistancealliance.org

Text on WhatsApp at (305) 792-8494

Tell her the name of the kid(s), age(s), family name, subject needs, and any other helpful information, and she will contact our partners at JaxTHRIVE.
